

**NOTICE OF EXPERT CONFERENCING****STAGE 3 SPECIFIC PURPOSE ZONES  
(RUAPUNA MOTORSPORT, FLAT LAND RECOVERY AND BURWOOD  
LANDFILL AND RESOURCE RECOVERY PARK)**

Dear Parties,

Expert conferencing is scheduled for **Wednesday 4 November 2015** for the topics listed below in the Stage 3 Specific Purpose Zones (Part) of the proposed Christchurch Replacement District Plan. Please note that due to tight timeframes between the scheduled pre hearing meeting (Wednesday 28 October) and the tentative hearing date of 9 and 14 December, this notice of expert conferencing precedes the pre hearing meeting and subsequent directions. As such, please be aware the timetable below may alter.

All experts intending to present expert evidence at the hearing for this proposal are expected to attend the relevant conferencing session. Submitters shall seek leave from the Panel if their experts are unable to attend, setting out the reasons.

**Expert conferencing** is a process by which expert witnesses confer and attempt to reach agreement on issues, or at least to clearly identify the issues on which they cannot agree, and the reasons for that disagreement. Such a conference is a structured discussion between peers within a field of expertise which can narrow points of difference and save hearing time (and costs).

The Christchurch City Council has identified topics and established a schedule for facilitated expert conferencing, as detailed below (please note this is subject to change pending the outcome of the pre hearing meeting and subsequent directions).
